This bitch is a whore too and she's on the LAPD.

She was a sister in past lives, big fuckin deal, she's nothing to me now.

I got her computations too, this bitch was premeditating crimes, she was gonna call SWAT and give them false reports so they would trash the place I was living at on Platt.

Her and her corrupt daddy were both hacking my emails, they knew that Hampton abused me and blew me off, they read the email I sent and listened to the phone call.

Yet did nothing. Again, failure to act, how many counts do they have of failure to act, they can read my Federal Lawsuit and they will find out. Hey Brandi, you're going to prison and then you can trade sex for your survival.

Now back to this Sex Scandal, Brandi if she didn't give consent to those nude photos, would have sued the guy in court for money, damages and prison, enforced the law, after all she's a cop, but she didn't do that did she? No, it was consensual. Here we are 3 years later and still no lawsuit by this woman instead she lied to investigators.

She's not gonna cause she gave consent, she got turned on by the nude pics and I'm sure she texted him nude pics herself and lied to her father. His daughter is a whore like Chris Brown.

She's 1.1 on the tone scale, in covert hostility, she's manipulative.

It's all favoritism which is also against the law too, look her daddy bought her a horse

They're all 1.1.

Maybe her daddy can pimp her out to hollywood

You know what your sick perverted piece of shit corrupt and abusive father was premeditating to do to me while the Doshays, Freemons, Russells were destroying my life, he planned on making shit up to arrest me and deport me. His intent. His intention was not to help me but to destroy my life, he's evil, an SP. He can try all day long, the final product if I get deported is, I'll have everybody in your life including him wiped out and it won't be pretty. You can't do shit to me outside of this country.

Now what ops can be run on you people well for starters, Dorner, Beck was investigating Dorner and I suspect he planted fake evidence at his home. Like me and everybody else, Beck left him sitting in it and he went psychotic and while that was going on, Dorner's rampage, Beck went into Dorner's home and planted shit.

Now here's more outpoints about Beck:

His wife Cindy is a Sheriff or was. Now did she go to the Sheriff's and make sure I was evicted? It's a possibility and one that Federal Court is gonna investigate.

<http://www.foxnews.com/us/2009/11/03/lapd-names-new-police-chief.html>
(<http://www.foxnews.com/us/2009/11/03/lapd-names-new-police-chief.html>)

For everybody else, you have to have O/W's to go PTS and look this guy is PTS to me, who was he thinking about that day, what was he thinking about that day? His own crimes perhaps and will he be caught or not, yes, no, yes, no, yes yes, no no? LMAO and he went out of present time.

Could it have been little ole me he was thinking about? Since he's got all these o/w's, even his intent is an o/w cause of his failure to act, he'll go PTS to me and I'm his SP now.

His other intention was to run ops on my family to set them up for crimes they didn't commit so they would get deported and steal their property for himself and his wife. I guess their ranch wasn't enough for them. How many other people have they set up for crimes they didn't commit to steal their real estate and assets? One thing to confiscate for crimes, another is to set people up on false crimes to confiscate, that's illegal, a crime.

Piece of shit corrupt pigs. His intent was never to help me in any way shape or form. Another intent was to take me into Olive View falsely and drug me, overdose me so I die. His intent was murder, to murder me and then blame it on Olive View. These are the thoughts that went thru this guys head. I can't wait to destroy his entire DNA line either legally or illegally, well actually the country I do it from it won't be a crime so legally, whether I get deported or not.

Look they got a restraining order on a homeless woman.

<http://latimesblogs.latimes.com/lanow/2012/12/wife-of-lapd-chief-seeks-restraining-order-against-homeless-woman.html> (<http://latimesblogs.latimes.com/lanow/2012/12/wife-of-lapd-chief-seeks-restraining-order-against-homeless-woman.html>)

Did Cindy make sure she got evicted too? Did her husband cheat on his wife with this woman and make her go psychotic unbeknownst to his wife cause he's a liar, I already know, he's a coward, how about a cheater?

Now after I get deported, here's how you all will get fucked across the boards diagonal, you'll all be kidnapped and tortured, and nobody is gonna give a shit, and then when you're in the country I'm in, I'm gonna slice and dice you ie the torture, I'm gonna make you all bleed and of course video it and put it online for the entire world to view, I'm gonna watch you cry like the little bitches you are. He's one sick fuck and I'm gonna cause him, all the pain he caused me by his failure to act on purpose or failures, more than one, I'm gonna give it back to him, he's a piece of shit corrupt american and he deserves to bleed to death, long and painful and I'm gonna give it to him.

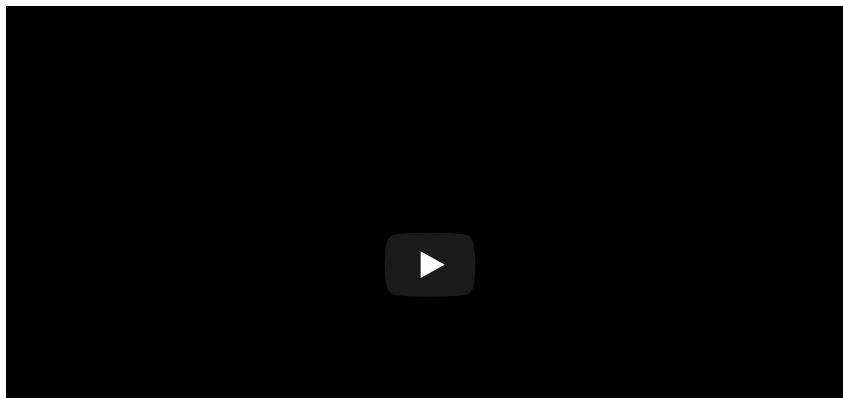

Oh does this sound threatening? It's not, it's a promise, from me to all of you, after all you will have pulled it in when you deported me for fake made up crimes using local gov resources, just like your daughter and her false reports, premediation of or LMAO still.

Oh no, did I hurt your reputation? Well then you'll have to sue the FBI/DOJ and the LAPD, they're liable, after all Beck, you read the email, listened to the phone conversation and still did nothing, so like your daughter, you knew what Hampton did and you did nothing except get an affidavit from him in case he died for court, so really, court, whether state or federal will hold you personally responsible and accountable for your failures (plural, meaning more than one) to act, to do the right thing.

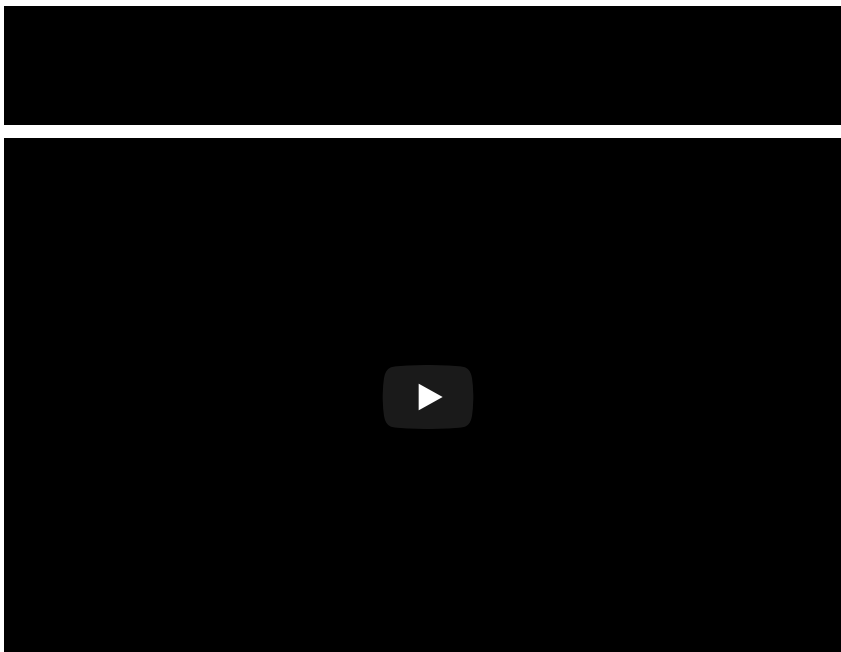

I can't wait to bring this all into Federal Court, after all you all were reading my blog as the Rebibos/FBI was deleting it, so that you and your entire corrupt family is investigated and put in prison where you all belong. All of your crimes will be found, you can try to bribe the Marshals, go ahead, more evidence for me or LMAO.

And you all won't be getting a movie deal, nor tv show nor book deals but instead it will be me, how I brought down Beck and his house of cards LMAO and then since that's not my game but to take it away from all of you, to cause you all pain, I'll donate the proceeds to a non corrupt and abusive charity.

I'm sure the Fed Gov already has the evidence ready for Fed Court, your reports, there's more than typos on there and you can't change them or LMAO or Death by paperwork.

The truth is, because of all these psychological damages caused by the LAPD and the FBI, DOJ, Church of Scientology, Olive View Medical and the Rebibos, the Doshays, the Freemons, The Russells I don't know if your therapy can actually help me. I'm not interested in surviving, these people all destroyed my dynamics, I have no goals left, they destroyed all my dreams and I can't create art anymore, that desire is completely destroyed. So the only thing I can think of to really heal and it is theraputic is to destroy their lives, cause them pain and it's not crazy, they all want me to take money in exchange for the damages but the damages are not repairable, so that's the conundrum I face with court and I will tell my psychs this, this isn't a mental disorder nor mental illness but actual psychological damages caused by these people's actions and in action.

Why do these people get to harm others and get away with it? That doesn't make logical sense to me,

why do they all get rewarded for it?

It's also not in my nature to seek revenge so they have caused me severe psychologically damages and money will not fix it, psych drugs will not fix it, auditing won't fix it, I'm in pain and I'm gonna get my release, I just don't know how yet.

Personally I don't think there is adequate therapy to help me and since I have to figure it out all, I'm gonna get court approval to cause these people pain, I want them to feel all the pain that I've gotten, that they caused me, I want them to go psychotic and kill themselves, and it still won't be enough.

Nothing is gonna change in this country, it's not in my nature to mass murder people but it is in my nature to take evil out of the game. For example I want this cunt doreen doshay who lied in court to feel pain, I want to be the person that tortures her, I want to make her bleed and it's gonna be slow, I want her to feel pain for 4 years, daily, what she did to me, I want done to her and I want to do it. Now why is this crazy?

These criminals all assume they'll go to the psych ward and say their crazy and go on psych drugs or go to prison and get out, serve 1/4 of time and go back to their lives of crime. How easy it was for this doreen cunt to steal my personal belongings, she had the key and used it, and they knew the LAPD would do nothing. They let these people get away with it and beat down the victims, why is this ok and the norm in this country? What is wrong with these people?

So I want to do behavior modification to all of the people that wronged me, I want to put them out of present time and keep the out of present time, I want them stuck in past lives where they were tortured to death so they feel the death, over and over and over and over again as it's now in present time and when I feel that is boring, then I'll switch them to another life to feel a different death.

This is the only thing that's gonna make me happy and if the CIA wants in, let me know, you all know what to do in Federal Court, if you want to speed it up, send me the comm.

Unfortunately it's gonna be another few more years before I get there, I have over 5k pages I have to type up myself and I know cause of that alone, I've already won, they lost, it's one thing to do this to a victim but with this amount of psychological harm and damages, they all lost, and most will go to prison for that alone, it's considered attempted murder by failure to act. They all violated my 14th amendment, the more time it takes me to get there, the longer their prison sentence will be. It's not real to them cause they're all criminals but it will be after they're in a room alone with me and they can't leave and it's all legal, they have a debt to pay to me and they're gonna pay it, with their souls. Behavior Modification and I'm gonna administer it. If they die, they'll be brought back to life and I'll keep at it, until they crack until they change their behavior and stop being criminals.

I can do this all privately, offshore oil rigs c/o of the USA gov and I'm sure some top psychs and top docs will join in as well.

They destroyed all my dynamics and made me an orphan, left me sitting in it with no hope of anything, nothing to live for, do you know what it feels like to sit in crimes with no help and law enforcement abuses you and reinforces all the pain and trauma?

They assume money will fix this, repair this, make up for it? It won't. Money is just money, buying a house or a car won't make me happy, that's just mest, objects. I want to cause them pain back, legally, that will make me happy. I don't love money like they do, I don't worship money like they do. Even though I can't create art, I'm still an artist, it's all about my feelings, money and objects don't make me happy, dreams and goals do and they destroyed them all. So what am I suppose to do, walk around like a zombie, I have no attachment to the human race anymore, I have a disdain for the human race and Americans, it was all Americans who did this to me, they destroyed my American Dream, I want their American Dreams destroyed. They did a great job turning me into an SP. But now I'm their SP and I want them to feel pain, I want them to all be orphans and feel nothing but pain and trauma. Do you know what it's like to sit and work on your cases and relive what was done to you, to feel that pain over and over and over again? That's what I'm experiencing is pain, all I know this life is nothing but pain, I've never known real love nor happiness. That's all you get here in America, that's what my parents immigrated here legally from a communist country so their only child can never know real love nor happiness. I can totally relate to terrorists now, they hate America as much as I do and Americans. Americans caused them pain too and destroyed their lives. What will you all do, stick me in my free speech after causing all these psychological damages that can't be repaired nor fixed. I can go homeless, then you'll never see it coming Beck, I'll fuck you up, everybody connected to you and there's nothing you can do to stop me, I can go criminal, you forced me to, you made me this way, you created this, I'm not responsible nor accountable for your crimes against me. You wanna dope me up on psych drugs so I overdose and I die, go ahead, I'll leave my body even while overdosed and jump into yours, and make you do shit including confess to all of your crimes, you're a degraded being and I'm not. you wogs did, your crimes, including corruption and abuse.

I'm in pain and you all left me sitting in it to die from it. I don't do drugs, I don't drink and I'm celibate. And I'm not an animal, their logic is, if it's so painful, hurry up, I can't, I'm very slow now, I can't do too many things, you caused unrepairable damages, I can't be fixed nor repaired, that's what happens when you do this to a victim. I know they don't care, they don't care about anybody. So this too will go to court and I have no idea what the Judges will say, it's very hard when your this psychologically fucked up to type up a 2 lawsuits simultaneously and you're not a lawyer. I'm disabled now but disability doesn't care, they're out of money and won't pay out unless you're dying of cancer and in a wheelchair. This is what abuse looks like when abused by everybody. I also have no desire for anything. My inner conflict, I do have the desire to kill all of you and I'm gonna figure that out too, some how some way I'm gonna kill you all, whether I'm alive or dead, I'm gonna do it, maybe legally or illegally, what are you gonna do? Say I'm crazy, when you least expect it, a bomb will go off in your home with you in it, or your cars, or poison, so many ways to kill somebody, so little time.

That's the other thing Beck was afraid of once I went to court, that I would have the money to retaliate, that's all he was worried about revenge cause he did this to me. That was actually never in my thoughts but he caused so much psychological damages that's where my thoughts go to now, I want to murder this guy and I have that desire and why is it ok for him to do this to victims and if the victims fight back, that's crazy? He's not God but he plays God with everybody's life. Why is it ok for him to do this, how many other people has he done this too and are they alive? I want to murder him but it won't handle my pain, ok he's dead, now what? I can ruin his career, put him in prison, ok now what? All this is actually boring.

As for court, once I get there, they'll all be stuck there while I move forward, they will be in court for years, stressing everyday wondering what the final outcome will be for them, their lives and driving themselves psychotic, litterly. Wow, that's boring too.

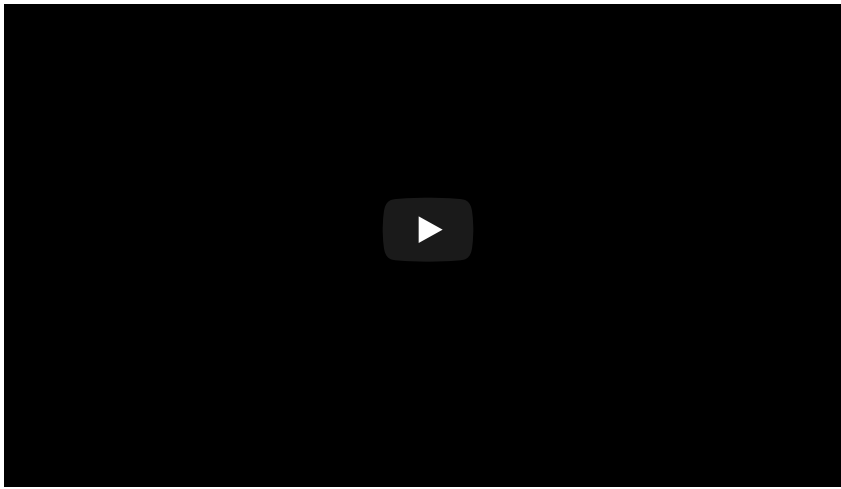

Again my big conundrum, what am I gonna do with my life? My life's been destroyed, all my goals, all my dreams, have been destroyed and can't be repaired. I wanted to have children, my reproductive system was destroyed by Olive View and I'm too old and too fucked up psycholigically to adopt children, I can't even take responsibility for somebody else's kids and I used to be a person that could, they took a responsible person who doesn't commit crimes and destroyed my life so that it can't be repaired, they all did this to me on purpose, and their motive to steal my damages, to force me to go to Federal Court and steal my damages, to destroy my life again.

I have no desire to be pretty again, no desire to be hot again, I have no desire for anything and I just don't care about anything nor anyone anymore. There is nothing to look forward to but death. I'm now 50 years old and all these Americans just sat there and watched and got off, got sexual rises to what happened to me, this is how sick and perverted Americans really are. It's not a group I want to be part of. They just want everybody worried about their survival like we're animals. And we're not, we're human beings. I have no desire for sex, mostly cause all American men are weak, cowards, liars, cheaters and 1.1, they are not worthy of trust, you can't trust Americans or they will destroy your life, that's what they did to me, all I did was trust them including Law Enforcement. Even Obama, I tweeted him, instead of helping me, he labeled me an enemy cause of my religion. He's insane and corrupt. Same with the Secret Service, they're all perverted men, most are pedafiles. This is America's best of best elite, pedafiles. no thanks.

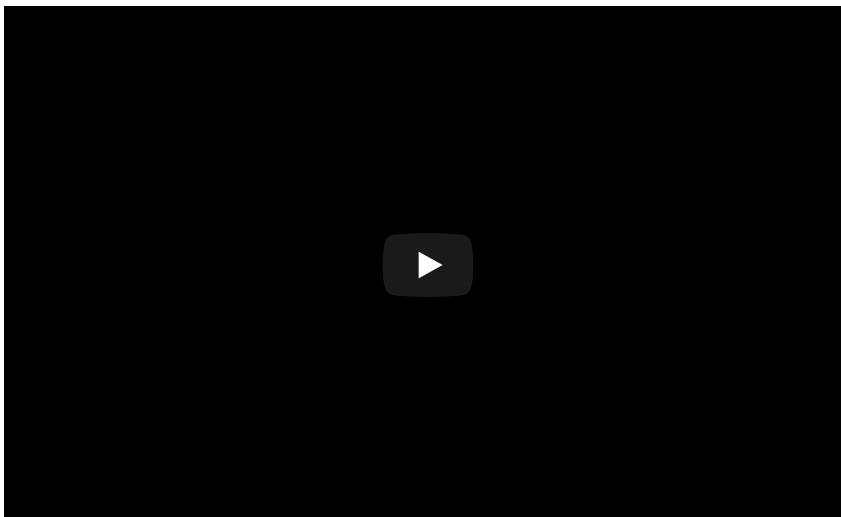

They might all wish I kill myself but I'm not gonna, I'll eventually make it to court and from there their shit can turn on. Wow, court is boring, I'm not an attorney, I'm an artist, if I wanted to be an attorney I would have gone to law school. I shouldn't have had to go thru this but then again it was the LAPD that insinuated, basically threatened me covertly if I tried to get the police report, they would murder me. Do you know what that feels like, after you have survived 2 sexual abuse incidences back to back only to be told you'd be murdered for doing the right thing, for attempting to do the right thing? Do you know what that feels like? You can't win in this country, not if you play by their rules and I'm not gonna play by their rules, their suppressive rules and goodie goodie two shoes shit, and they can't handle it, they can't control me nor manipulate me and I'm gonna retaliate Beck, I'm gonna run ops on you and you'll have to figure out if it's legal or not and then prove it if it's not. I already know you'll try to manufacture shit like this Doreen cunt did in court LMAO which btw is also against the law.

So since I have to be a cop for free, I'm taking everybody with me, death to everybody thru court, by the time I'm done, your jobs will be gone, your careers will be gone, your pensions will be gone, your families will be destroyed, your lives will be FUBAR and I win, wow, big deal, now what? What am I gonna do with my life after court, that's the billion dollar question. I wish I was a simpleton like this Amal Clooney and just want to marry a billionaire but I'm not, there's more to life then marrying a guy for his money or gross.

So I want somebody to explain to me why it's not ok to kill them for doing this to me, why it's not ok to destroy their lives for doing this to me. And what is the solution to this problem they caused, it's not psych drugs nor getting laid nor money. I can't create art anymore, I'm not inspired by corruption and abuse nor rewarding criminals and that's all that's here. And I want to know why it's not ok for me to go criminal and start committing crimes, this is the road they put me on, they want me to be a criminal so they can control me, they think they have some power over me by frightening me with the loss of anything. But if I become a criminal, nobody's gonna be able to stop me and I'll take over this country and run it and get rid of everybody in power and then there will be peace all over the planet. That I guarantee you. This bullshit game the politicians play, is called corruption and abuse and I'll get rid of it all and replace this entire country's landscape with my religion and get rid of big pharma and everybody that worships big pharma. Oh no, am I crazy now? LMAO Nope still not crazy, just very smart. Maybe becoming a criminal is the only way to go, i'll out do all the criminals that did this to me and restore this country to what it was before Nazis went to work at the FBI and CIA, when our constitution really meant something to people. I'll get rid of political correctness, I'll get rid of all the fraud of fake psychiatry and their pill pushing bullshit and replace it with my religion, I'll build prisons and criminals will get punished, there will be prison reform, again my religion will handle that too. I'll get rid of the IRS, no more bullshit by them going after people cause the President felt like it, everything wrong with this country, I'll get rid of, everything suppressive I'll get rid of. There will be no more hate crimes cause all those people will be caught and gotten rid of, I'll have real cops that work in law enforcement and one agency to handle it. Real Justice and real facilities to help people get to court on their own, so many changes I'm gonna make for the better. And our water supply and food supply will be handled too.

Updated 9/24/2017 2:43am

There is not much to look forward to, it's the end of this civilization.

<http://kathygold.weebly.com/money/lets-talk-about-chemical-castration>

(<http://kathygold.weebly.com/money/lets-talk-about-chemical-castration>)

physically the reason everybody is so sexually charged is cause of the psych drugs in the water, there is more in the water that tests can reveal cause they can't test for all of them and what's happening to the men as well as the women, it's putting their bodies into early menopause, it's destroying their

reproductive systems and hormones. It's called endocrine disruptors. It's a form of population control and big pharma knows, they've known all along.

While everybody in local and federal gov is in the valence of Nazis, the general public their victims are in the valence of the concentration camp victims.

Nobody put a gun to local law enforcement's nor federal law enforcement's head and forced them to commit crimes on the general public everyday, nor false label people with 5150's, it's something they all elected, chose to do, these are all crimes and illegal, they're just all lying and getting away with it. The cops want everybody to be criminals, they all think if you're a criminal you are easier to control, manipulate, they are all aberrated on control.

They think if they tell you what to do, you'll obey them like you are their slaves and I'm not their slave. And they can't stand it. They have no power nor control over me. The only thing I did wrong was trust them to help me, take that off the table and they have no power, they are nothing, nobodies.

They are the psychos from Battlefield Earth, they are psychs low on the tone scale. They also won't be leaving this prison planet, they have so many crimes, when they exteriorize from force on the job, their case turns on and they get scared and go back into their bodies. This Charlie Beck, I won't see him for at least 1 billion years, he won't be reincarnating nor bypassing eternal damnation along with Obama and everybody that did this to me. You can't do amends for this, what they did to me, I don't think can be repaired nor fixed no matter how much money there is in the world. And for that reason alone, they will pay a price with their souls, they lost their eternity, there is no next life for them only pain and suffering for 1 billion years.

They don't want good citizens and good taxpayers, they want criminals cause they're criminals. They take good people who are hard working, responsible and disable them, abuse them and destroy their lives, this is what SP's do and they're all SPs, they're suppressive.

They are also democrats, this is what democrats do to people of good will, destroy them. Democrats are all evil and should be harmed, destroyed so they can't harm others. They are all racist and religious haters too. Democrats believe in corruption and abuse as a way of life, look at all the problems we have, it's all democrats, lying, stealing, crimes, that's all they do is commit crimes and then expect republicans to clean up their mess and we're not gonna, we're gonna hold democrats responsible and accountable for their crimes.

Oh am I rambling, too fuckin bad assholes, I don't give a fuck about you people. I used to care about the human race, human beings, but not anymore, the level of evil that these democrats commit on a daily basis has totally grossed me out, they are very very evil. Look at the fostercare kids, 10 years just to monitor the prescription drug habits, this is how gross democrats really are, I think they're all sexual abusers, how many of these cops go in there and molest these children? I know they do it to the cadets

<http://www.latimes.com/local/lanow/la-me-lapd-cadets-20170712-story.html>
(<http://www.latimes.com/local/lanow/la-me-lapd-cadets-20170712-story.html>)

Reform, these democrats move like molasses by the time they actually get around to doing reform, these cadet will have been victims of sexual abuse long term by LAPD. And their abusers assume they can go on psych drugs to handle their pain, psych drugs that will cause suicidal thoughts and homicidal thoughts. Their answer to everything is psych drugs, so they can get away with their crimes, these democrats are sick and perverted and they are 1.1. They belong out of this society, it's cause of them this society is fucked up.

But back to me, there is nothing to look forward to but death. Money won't change what these democrats did to me, money won't change how they destroyed my life, money won't repair what they did to me, Money won't turn back the hands of time and Money won't make me happy. Since they are so smart and know it all, they can figure out what will make me happy and deliver it to me as part of my damages.

I hate this country and I hate these democrats and I hate the LAPD, I hate the police, I hate SMPD, I hate the Sheriffs, I hate everybody in this piece of shit corrupt state, they are all abusers. They all deserve pain, they get off, they get sexual rises to causing others pain and they expect nothing will happen to them. I can't wait to murder them all, they'll force me, I'll become a criminal, I'll give them what they want and then murder them, that's what they do to everybody else, they made the people do that by their actions of abuse, only murdering them is too good for them. So since they know it all, they can figure out what will make me happy. Here's what I want:

I want my own family, children, a good man that I have chemistry with whose not evil nor corrupt.

I want a clean environment, psych drug free, no psych drugs in our water, no pollution of it in our water.

I want no forced drugging of children in our schools

I want the police to actually help people that go to them for help, that go to report crimes, I want the police to do their jobs instead of abusing the victims, instead of reinforcing all the pain and trauma of the crimes.

I want a safe environment

I want to be able to create art again. I want to be inspired by life. I'm not inspired by corruption and abuse.

I want law enforcement to handle abuse.

I want to get paid to be a cop, my time, btw I will all these years gathering evidence and if anybody tampers with it, that's 20 years per count.

I want taxes to go down and I don't want to be taxed to death cause of everybody else's corruption and abuse.

I want the cost of living to go down, not up cause morons are in office like this Eric Garcetti who btw I tweeted my scilon site, also labeled me an enemy cause of my religion, he's another religious hater, he'll never admit to it, he'll lie so I'll be getting evidence of his bullshit too and I'm gonna remove him from his post and put his ass in prison too, another piece of shit corrupt and abusive politician. Another democrat.

You know getting rid of my negative emotions in a public forum is very theraputic for me, it's now in your space and if it's making you angry, that's your problem, your o/w's not mine.

I hate all these people cause they are corrupt and abusive and damaged me, this mayor could have told this chief to do something to help me but instead he got off on it too and probably went home and fucked his wife, oh good, another scilon dead, nobody will find my crimes.

The good news is, these democrats destroyed this state, once that min wage hike kicks in, everybody is gonna stop paying taxes, what are you gonna do Beck? Arrest everybody for not paying taxes? Put them in the psych ward and label them with false 5150's for not paying taxes? With no taxes no money to pay your salary, if you expect the Fed Gov to bail you all out, think again, Obama put us into the hole, almost 20 trillion, how much more can the USA go into the hole before it goes BK? So with no taxes, your salary and pension won't be paid nor anybody in local gov, what are you gonna do, walk off the job, protest, go to court? All these democrats only care about one thing, themselves and abusing others, that's it'. There's nothing to look forward to here nor to live for, they destroyed every dream I had, so per the bible, it's ok for me to destroy every dream they have, an eye for eye.

My next question, when do the laws of the land not apply? When the civilization collapses. Sure, I could wait it out and then take things into my own hands but again that's not my game, never was, that's a very boring game and anybody can do it and I'm sure alot of people will but it won't be me.

You know what these stupid pigs thought of me when I came forward, that I didn't play the game right, that I was stupid cause I wasn't 1.1 enough, I'm not 1.1 at all. But these piece of shit wogs all thought I was stupid cause I didn't hide and treat court like covert ops.

Updated 9/24/2017 10:01am

I realized what I'm gonna do, I'm gonna run ops on all you piece of shit corrupt pigs, I'm gonna spy on all of you, hack your emails and look for your crimes and then based on what I find I'm gonna run ops to commit crimes on you, that's what you people did to me, instead of helping me, you did the above, premeditated crimes and all this Beck thought about was me retaliating, that's all you wogs do, retaliate, so since you want me to be like you, I'm gonna do the same thing, I'm gonna be corrupt and abusive too.

I'm gonna convert and conform to the norm in America, corruption and abuse.

You'll have to wait and figure out if the ops are illegal or legal and if it's illegal, prove it LMAO

I'm gonna make sure you all have nothing to live for and you're gonna sit and live in pain and walk around like zombies, I'm gonna do what you did to me, you will now be investigated for the rest of your lives by your enemies including cyberstalking and everybody is gonna run ops on you and you're all gonna pay for it, your pensions will be gone, your shit, your assets etc etc.

All these pigs can do is make shit up, false, I got comm in the theta universe protective custody, that's where their computations go or his went

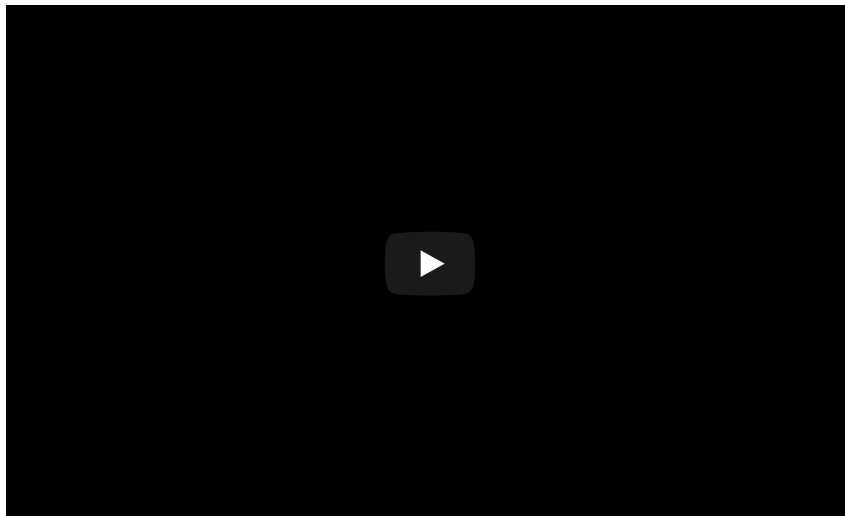

https://en.wikipedia.org/wiki/Protective_custody (https://en.wikipedia.org/wiki/Protective_custody)

It has to be false in order to stick, so after you pull that, thanks cause i'm gonna use it against you in my cases, cause it's gonna get tossed and i might just get lucky and the Judge will turn around cause you lied and manufactured shit and made shit up and imprison you and also you're gonna look like a fool, that might cost you your job as well as your pension.

And even in State court they do enforce the 1st amendment, free speech.

Until I talk to good psychs that can explain shit to me, in regards to my feelings and my life etc etc, I have no idea what I'm gonna do, how I'm gonna do it etc etc. I can only have the journeys.

For everybody else that has some balls, that's how you get evidence of the pig's corruption and abuse, their case against you, their made up, bullshit case full of their lies, crimes etc etc.

Updated 9/24/2017 1:01pm

Here's the letter I sent to the LAPD and their response, like robots, very generic. It never addressed the abuse, that was negated.

lapd.pdf

(/uploads/2/4/4/5/24452067/lapd.pdf)

Download File (/uploads/2/4/4/5/24452067/lapd.pdf)

The letters to the FBI and DOJ are listed on this page.

<http://kathygold.weebly.com/money/for-those-of-you-that-feel-by-me-speaking-out-i-have-harmed-your-reputation> (<http://kathygold.weebly.com/money/for-those-of-you-that-feel-by-me-speaking-out-i-have-harmed-your-reputation>)

or here below. The FBI also negated the abuse and the DOJ completely negated me, blew me off, never responded.

(/uploads/2/4/4/5/24452067/dojfbiletters.pdf)

dojfbiletters.pdf

Download File (/uploads/2/4/4/5/24452067/dojfbiletters.pdf)

So if this Charlie Beck and his daughter Brandi want to manufacture shit and make shit up and take shit out of context, falsely label crazy ie mental illness etc etc, cause that's all the cops do is label everybody crazy, so if they want to commit these crimes, these illegal acts for money, for personal gain, they can sue the FBI/DOJ/LAPD, these agencies are liable. I'm not responsible nor accountable for these people's corruption and abuse, they are.

Updated 9/24/2017 3:51pm

Clarification cause these pigs take shit out of context on purpose in an effort to manipulate Judges and waste tax payer dollars and of course cause more damages and more lawsuits.

What I mean if I go homeless, that means I'm dead and I no longer have a physical body and I will murder this chief of police and here's how I would do it, I would jump into his body and make him do shit like fuck his daughter and video tape it, video all his confessions of his corruption and abuse including against me and then after raping his own daughter, over and over and over again, I'd have him kill her, slowly and video tape that too and that would murder him, cause he loves his daughter. That would murder his soul internally within his body. He would litterly die.

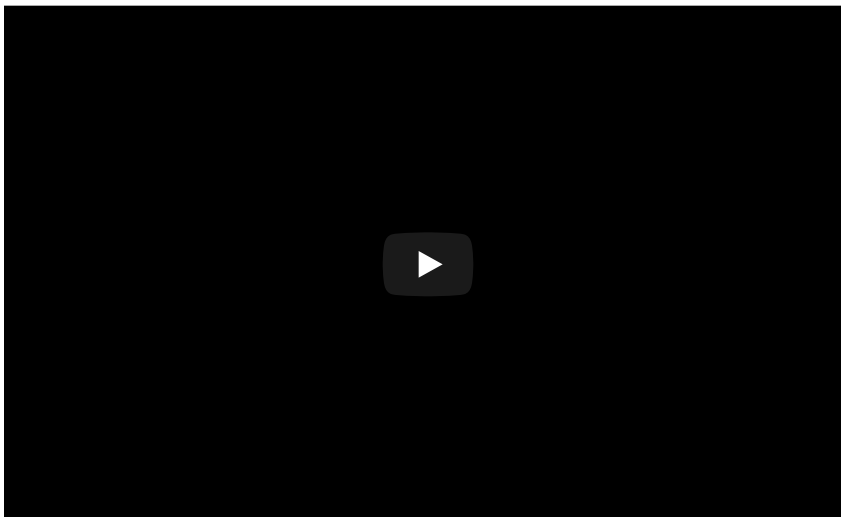

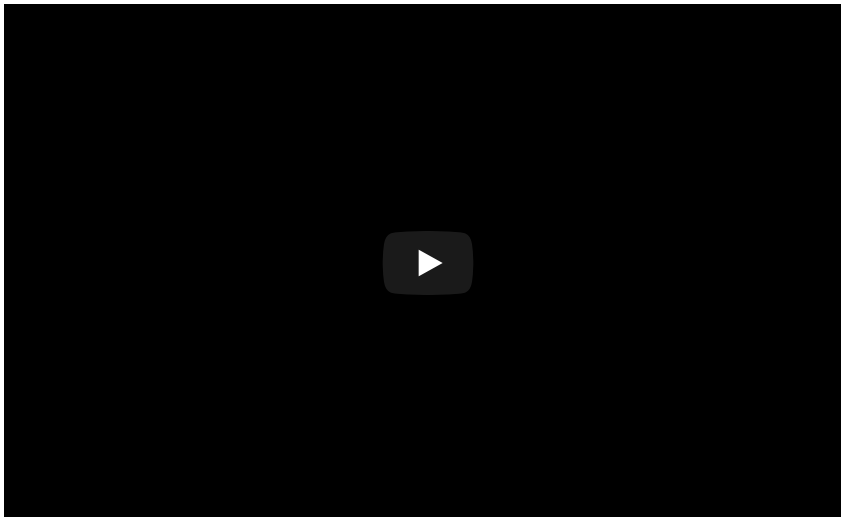

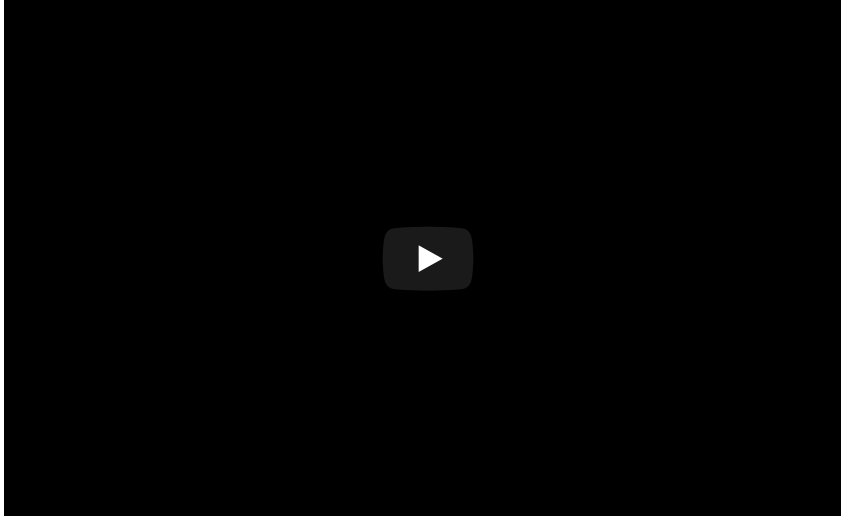

This is Universal Justice, so everybody better pray to God that I get Justice or I will dispense Universal Justice, it won't be kind nor pretty, it will be sadistic, what these people all did to me is sadistic so even steven or an eye for an eye etc etc.

The above is just an example, I don't know what I'm gonna actually do until I'm dead, I won't get the

ID of everybody until my body has died and I've left it, actually while leaving it. I might just find out that this Chief even with his evil intent was not the person responsible and accountable for these crimes by the LAPD, for all I know Obama ordered him to do it. Maybe Eric Garcetti ordered him cause Obama ordered Eric etc etc. So these are just examples and me expressing negative emotions, feelings online.

Again, until I talk to good psychs that can explain shit to me, in regards to my feelings and my life etc etc, I have no idea what I'm gonna do, how I'm gonna do it etc etc. I can only have the journeys.

Still buffy years. Again not always white LMAO.

<http://www.tzm.com/2015/10/14/lapd-chief-charlie-beck-death-threats/>
(<http://www.tzm.com/2015/10/14/lapd-chief-charlie-beck-death-threats/>)

<http://losangeles.cbslocal.com/2012/12/20/homeless-woman-allegedly-threatens-to-kill-lapd-chiefs-wife/> (<http://losangeles.cbslocal.com/2012/12/20/homeless-woman-allegedly-threatens-to-kill-lapd-chiefs-wife/>)

How does a homeless woman get his wife's cell phone number? Who gave her his wife's cell phone number? Was it him or somebody running ops on him and his wife like the guy above that was tweeting him threats for example? These things are not listed in the PR. It's a big mystery sandwich. A mystery to be solved. And why isn't it in the PR? Another outpoint. So there's 2 outpoints, how did the homeless woman get her phone number and why isn't that in the PR.

3rd outpoint, how does this homeless woman know she has dogs if she does?

After his wife got the restraining order, that's it, there is no more PR and after the restraining order, this woman called again and threatened her and was arrested, the last line of the PR is Roberts was arrested for investigation of stalking and is being held on \$200,000 bail.

<https://patch.com/california/pacificpalisades/restraining-order-granted-to-lapd-chief-s-wife-against-da15bb555c> (<https://patch.com/california/pacificpalisades/restraining-order-granted-to-lapd-chief-s-wife-against-da15bb555c>)

So what happened? Was this homeless woman murdered by the LAPD? Her bail was \$200k which you know she didn't pay, so what was the final outcome? Did she die in prison? Did they put her over to the psych ward, inject her with psych drugs and overdose her so she dies and she did? What? Again a mystery sandwich. The big outpoint is they never put out the PR resolving it, it just went poof.

Per this PR, she's mentally ill.

http://laist.com/2013/01/09/police_chief_charlie_becks_wife_gets_restraining_order.php
(http://laist.com/2013/01/09/police_chief_charlie_becks_wife_gets_restraining_order.php)

My guess is, since she was labeled mentally ill, she got transferred to the psych ward where they injected this woman with psych drugs, overdosed her and she died. And if that's the case, they played God, they labeled her crazy and homeless and per her family she was mentally ill, only mental illness is made up, there is no scientific evidence nor medical evidence nor medical tests you can take.

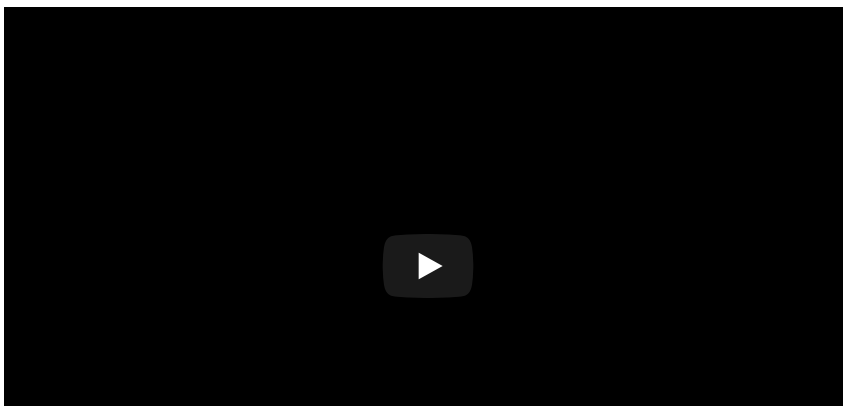

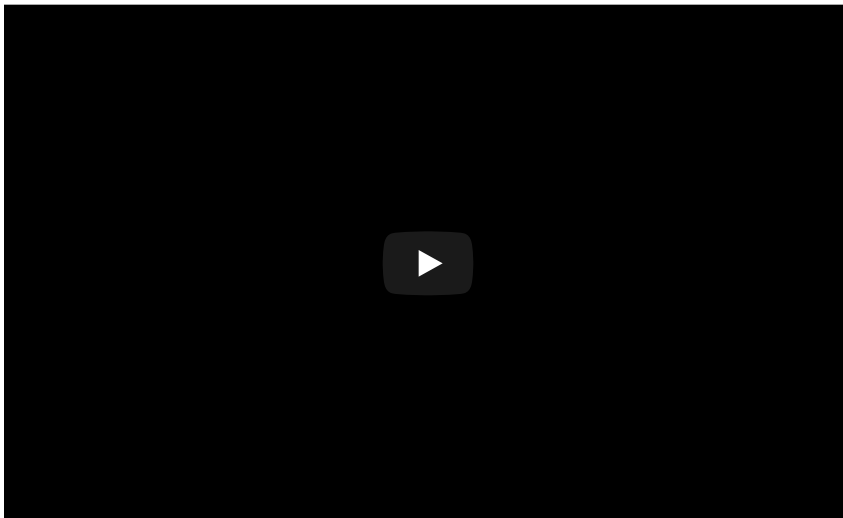

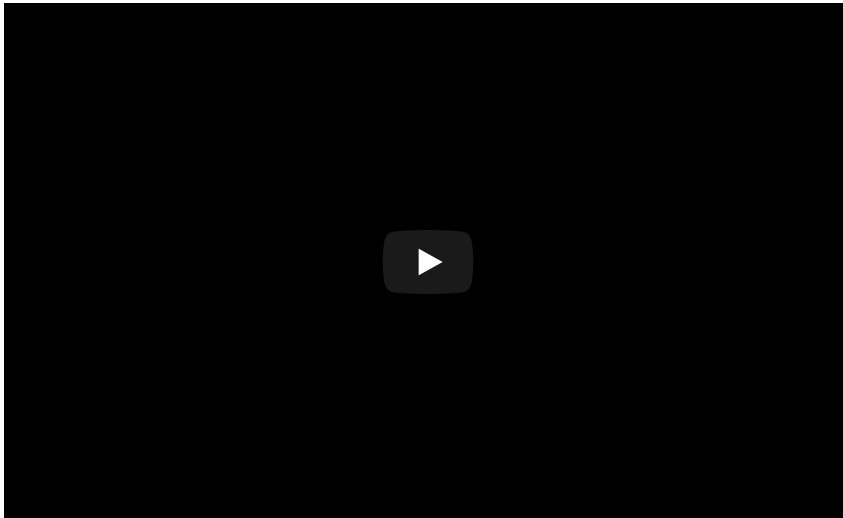

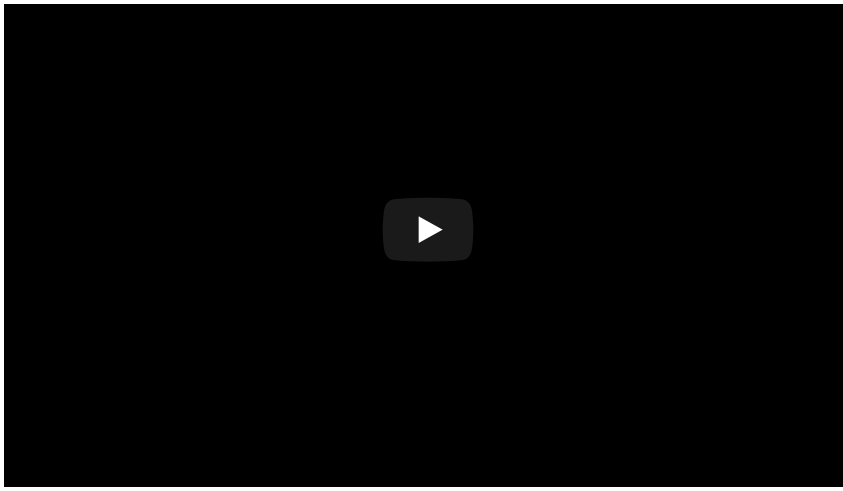

Did this woman have issues, of course she did if she's calling and threatening his wife which btw where was the tapes of that, the recordings? Usually from what I've seen the cops leak the recordings to the press, I would have liked to hear it and where was the interview and possible interrogation of this woman to find out where she got his wife's phone number from? All this has been left out of court documents, the restraining order and the press.

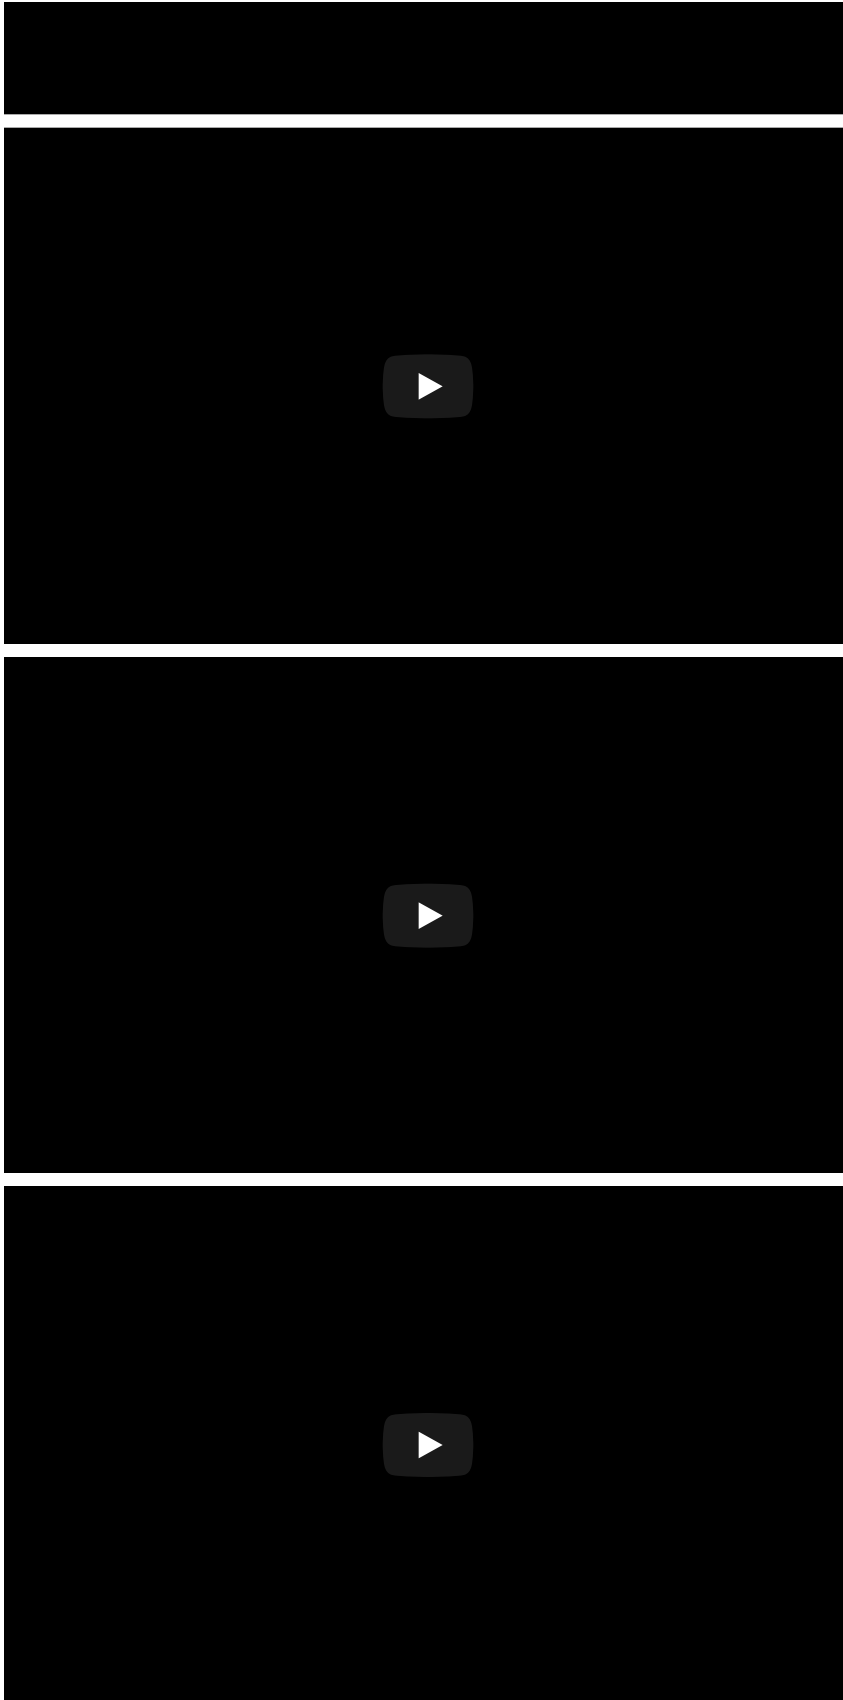

Also in the PR it said the cops found her in bushes in pacific palisades, how did they find her if she's homeless? This too is left out.

So mystery is solved for me, she was labeled mentally ill and shipped to the psych ward where they drugged her and overdosed her, and she died. They might have sexually abused her while overdosed, before she died. The end. Mystery Solved.

I don't agree with this, I don't think this is humane, in fact quite the opposite, it gives people a license to kill with labels and false labels. In the end, Charlie Beck and his wife Cindy Beck will have to answer to God for their actions in this cycle and I am not God.

What these two people are missing here is when their souls leave their dead bodies, they will receive this woman's mental image pictures, feelings even the pain she has had to endure her entire life from being falsely labeled mentally ill including all the abuse that goes with the false label and it won't be pretty, it will be similar to the victims in the concentration camps. Since they embraced this, they are in the valence of Nazis or Reality Check. They have no contributions to mankind, the human race for no personal gain ie for free and if they have done this to others, then they will also receive those people's mental image pictures, feelings, pain etc etc, that is the price these people will pay with their souls for embracing Nazi psychiatry technology, racism and eugenics. And all those mental image pictures will have chains of not just this life abuse, torture and rape ie sexual abuse but past lives going back to the beginning of time and those chains will wrap around their souls and entomb their souls into this prison planet for the next 1 billion years or eternal damnation.

I'm a product of this chief of police's abuse and his daughters, using local gov and possible federal gov resources to spy on me yet not lifting one finger to do their jobs but instead premeditating crimes on me and on purpose failing to act, hoping I would die.

This isn't police work, this is abuse of power.

I will be running ops on this entire Nazi family, child services will be investigating his daughter for child abuse, her father for child abuse, her mother for child abuse, her step mother for child abuse etc etc

Same with his son's and their children etc etc.

For the rest of their lives they will be investigated by child service and their crimes will be found and off to fostercare these kids go, where they will be sexually abused after being doped up on psych drugs.

These two people I got their emotions and computations, how I was going psychotic after finding out that my reproductive system was destroyed and these two people got off on it, they thought it was funny. Typical Nazis, only Nazis would embrace Nazi Psychiatry.

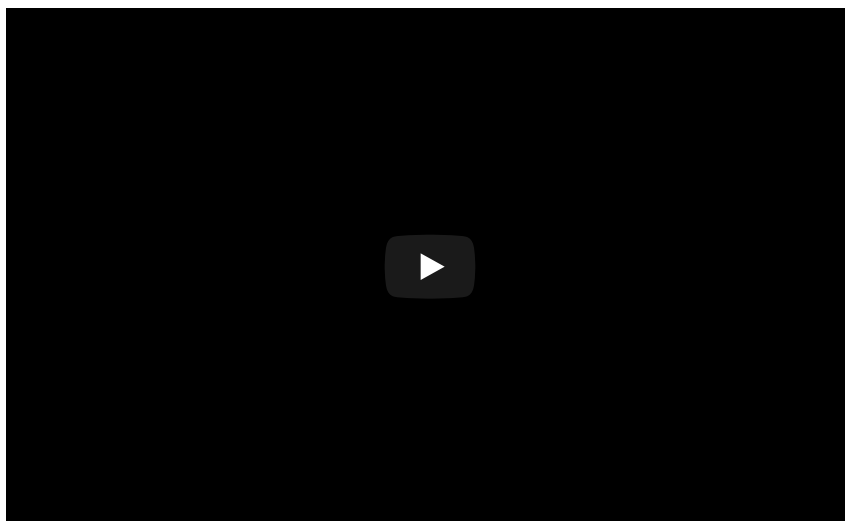

Hey I'm not retaliating, I'm just doing the right thing, this is your system, I never embraced Nazi Psychiatry, you all did, I'm just shoving down your throats what you all embraced and did to others and continue to do. And it's not illegal, it's expected of me to do it, so I'm gonna in abundance. And I don't feel remorse for causing this, I'm not responsible nor accountable for your crimes against your children, you are. By the time I'm done or before I even get started, your entire DNA line Beck will be wiped out. You made sure I couldn't adopt children, you made sure I wouldn't be a mother this life, what you did to me, will be done to your children, you piece of shit corrupt pig.

And for everybody else, I don't think replacing this guy with a high tech chief of police will solve your problems, Nazi Psychiatry is still in play and the underlying reasons, you're all in this mess. What the new tech dude will do is pull in cyber wars on purpose to have a game to play cause he or she won't be able to confront evil and if they can't confront it, they sure as shit won't be handling it. And it's gonna be so much fun, bank robberies, everybody will be involved even this chief of police.

You bureaucratic Nazi politicians and admin workers, you're all fuckin stupid and have low responsibility levels, low confront of evil, you all assumed psych drugs were safe, not one of you did your homework, find out if it was really safe, they are making people mentally retarded with their false labels of mental illness and psych drugs long term on purpose, this is what you all embraced for mental health. Your people when you did the DWP water cycle, I read about that, they had the money for a year and 1/2 and never moved. I wonder why? What were all the reasons they never moved? Embezzlement perhaps, moved money around and then when Obama, it came down the lines, oh shit, we better get that backkkkkkkkk!

Or same shit different day. In the end you all fucked yourselves playing this game and using Nazi Psychiatry as tools.

And CIA, feel free to kill them all when they internally plan, plot and execute their bank robbery jobs to crash the banks, wipe them all out including their families, the prisons are overfull, you'll have probable cause to kill them all c/o the United States Government.

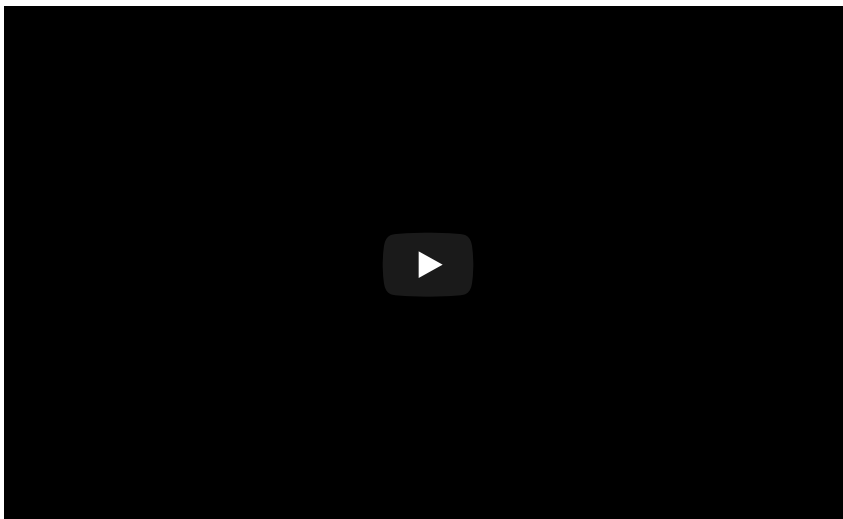

This chief was the ed norton character and me and the secret service were the other characters, the good guys from this movie. I'm the case cracker, get it LMAO. I guess nobody saw the Secret Service's PR, the Umbrella Corporation? LMAO I did, I think it's on my scilon twitter. Kinda like this

<http://thehill.com/homenews/house/324756-gop-rep-lawmakers-eyeing-major-structural-changes-to-secret-service> (<http://thehill.com/homenews/house/324756-gop-rep-lawmakers-eyeing-major-structural-changes-to-secret-service>)

structural-changes-to-secret-service)

The Secret Service has been under the umbrella of the Department of Homeland Security since 2003. Previously, it fell under the Department of the Treasury.

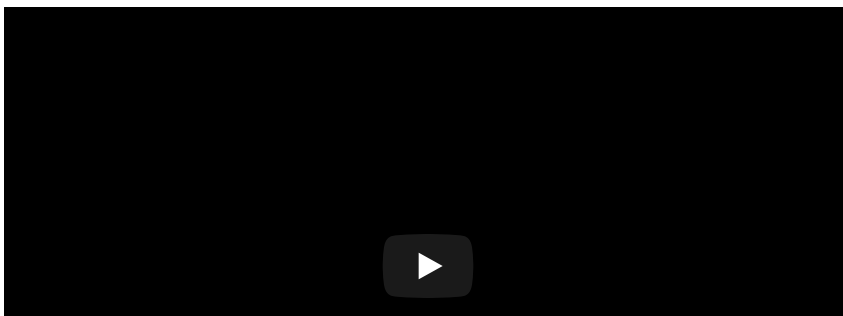

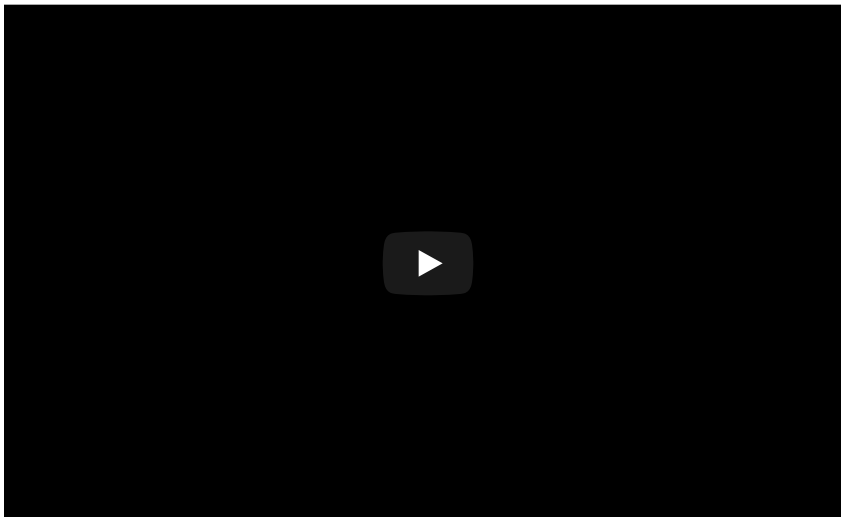

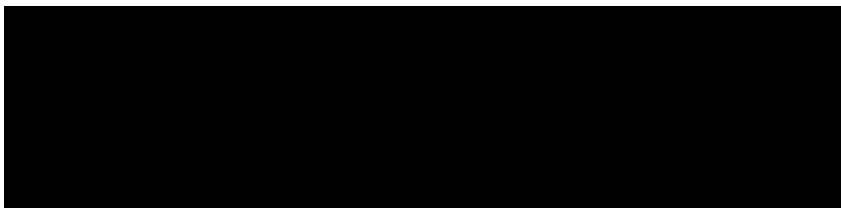

As for the cops and their pensions, these bureaucratic politicians still get their pensions regardless of the crimes they committed, in fact I saw a law where Obama wrote in his salary into it, now why is this legal? It's not it's called corruption and abuse. I think the Politicians should also get labeled with EDP and their pensions down to \$30k a year, make it a level playing field, after all, it was all the politicians who embraced Nazi Psychiatry and created these problems, by their neglect and failure to do their due diligence and took payoffs from big pharma's lobbyists.

And nobody is talking about the city workers and their pensions, I guess they'll just stop their checks when they feel like it. But as long as the politicians get their checks, everything is Aok.

Only it's not Aok. This corruption and abuse by local and federal gov will come to a head, the question to ask, is when.

The #1 game everybody wants to play is not Cinderella but the Walking Dead game, Zombieland and Resident Evil. Everybody is tired of paying your taxes for your perverted and sick lifestyles, we as in We The People are not your slaves and a revolution is coming, you all assume with weapons and/or riots, it's gonna be worse, you're all gonna lose your lives etc etc, the one thing your taxes, your money can't buy is cures for these man made diseases, you fucked up the water supply, your doctors don't use filtered water for the vaccines nor the cures, they use tap water. Figure that out LMAO They are not required to, there is no law forcing them to do it. Their morals have all been corrupted, they can't tell the difference between right and wrong, they need laws, regulations, and even then, they'll just break them, it's not like anybody will enforce them. Nazi Psychiatry, this is the final product, people who don't give a shit about their environment. They allowed the FDA to put their seal of approval on non water soluble drugs, did you all think magically these drugs would dissolve after they went into the water supply? Who regulates the FDA? Who monitors the FDA for corruption and abuse? Nobody, it's go to court. Well by the time they're done in court, cause the FDA has big pharma's and big farma's back not the taxpayers, so by the time that gets done or maybe not, ever see the laws protecting big pharma's products? And that's the problem, the politicians put laws on the books protecting these corporations at the expense of human lives, taxpayer lives. The money they got from lobbyists was more important than the people that voted for them, put them in office. Anyhoo, it's all gonna come to a head and it's not gonna play out, like everybody envisions in their heads, it won't be a 2 hour movie. Here's a hint, a clue, when these bureaucrats go & ask, hey do you use tap water for these cures/vaccines, these people will just lie and the bureaucrats will accept the lies. And that's it.

Do I really think Brandi Beck is a whore, no. To be honest no. That was my first initial thoughts after reading about her sending nude pics to her boyfriend or guy she was dating.

Do I think that was risky, yes. I'm a risk taker but not that kind of a risk taker. If her and that guy don't get married and I think they didn't, I think she married somebody else, later on if she never disclosed it to her current husband, then she's open to blackmail in the future by the ex boyfriend and any criminal within law enforcement that has access to those pics. He or she could come into her life and expect her to do things she wouldn't normally do cause they have blackmail on her and it might also be illegal shit.

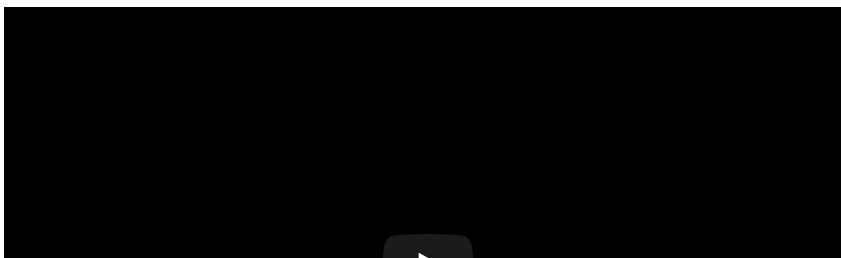

So in those terms I think she's a whore, she set herself up to be used and abused by anybody that has access to those pics, to blackmail her into anything including illegal activities.

As long as she doesn't go down the road of sexual abuse via blackmailed into it, then she's not a whore or in other words if nothing comes of it fine, then she's not a whore but if something comes of it, she is cause she'll turn into one, they'll make her, force her to have sex with them and anybody they want regardless of gender and sexual preference like a prostitute and their pimp. She'll be passed around like a whore from person to person. If she's ever put in that position I hope she has the strength to say no and live thru the rain, the storm, from one woman to another. It won't be easy but it will empower her as a woman.

So why put this up here, 1st if I die trying to get to court, for example, I never make it, him and his daughter can sue for their reputations.

2nd since I'll never talk to him directly, I want him to know, you wanna know why I started emailing myself? Cause I was dying, I couldn't breath and I was dying, the Nazi FBI did such a great job reinforcing all the pain and trauma of these hate crimes and of course the pain and trauma of the crimes of 1998 including when the LAPD threatened me with murder. My case turned on where I was murdered by corrupt and abusive people like you and your daughter and the Nazi FBI etc etc so to get a grip and not die, I started emailing myself, talking, getting out my feelings out of my universe and into the physical universe, you just read into it and took it personally. I got your computations to shut me up, to take me into Olive View and shoot me up with psych drugs and overdose me again like in 1998, and then I'd never email myself ever again and if I died who cares, my mother can sue for wrongful death if she can find an attorney.

Your computations didn't stop me from using my free speech, you decided to violate my right to privacy and refused to help me. Your daughter, I got her computations to false report to SWAT and have them come and break down the door and damage the property from where I was renting, she was gonna lie and tell them, there was drugs there. What did she care, it's not her house and the owner, can go to court for her damages. She read into it too, you are both self absorbed and self obsessed, this is what both you and her do, to the victims of non violent hate crimes, make sure they die from the reinforcement of pain and trauma of the crimes instead of helping them and doing your jobs. Ok. I want both of you to know that you won't be leaving this prison planet, both of you will be going to hell. Brandi, your father, was a commodore down the wholetrack OT3 and he was my father in that life, John Barrowman was his gay son, your dad that life helped put the Gay Federation there for his gay son, he won't be doing that game for his crimes against humanity, people like me, real victims and cause both of you embraced Nazi Psychiatry to murder real victims. You are no different then this Kym Worthy. This is a prison planet, the more of us you kill, the more you become degraded and when you die, however you die ie old age, you won't be able to reincarnate nor cross the wall of fire, once you die, as your degraded soul is leaving your dead, lifeless body, chains will come out and grip your soul and entomb it into this rock or hell for all eternity. Here's an analogy of those chains but in real life they will enwrap around your soul and entomb it, into this rock.

(<https://www.discogs.com/L-Ron-Hubbard-And-Friends-The-Road-To-Freedom/release/4627130>) - it's explained on the song, The Good Go Free.

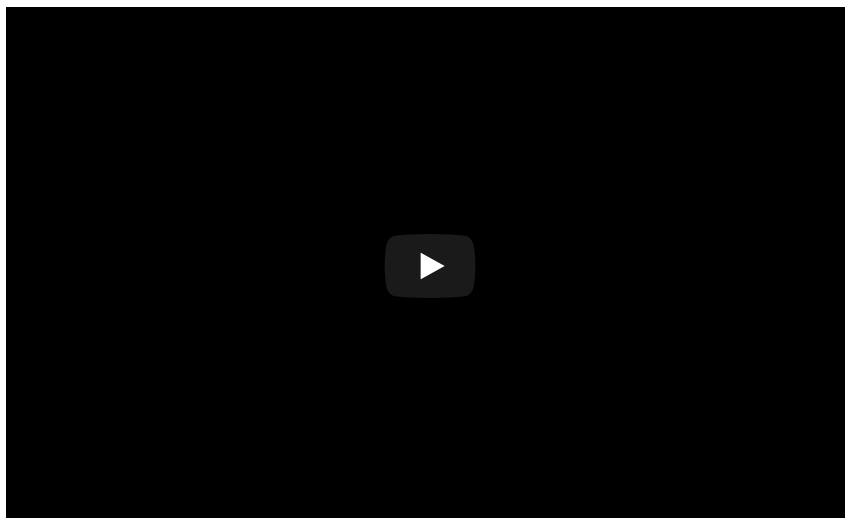

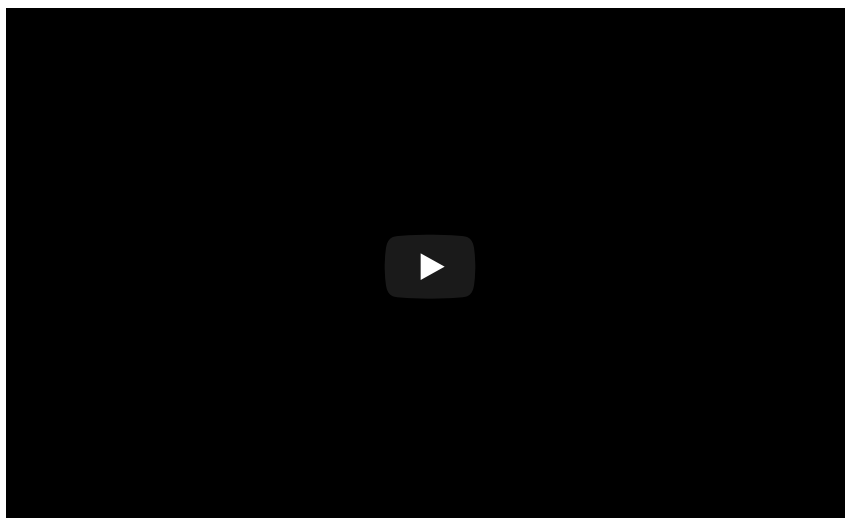

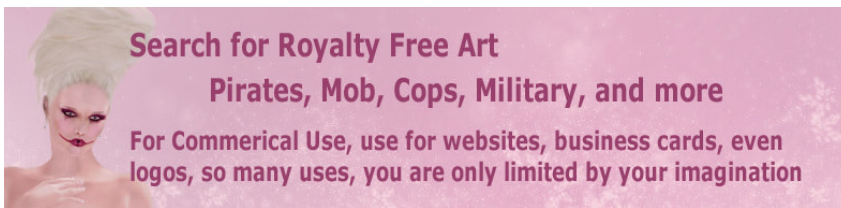

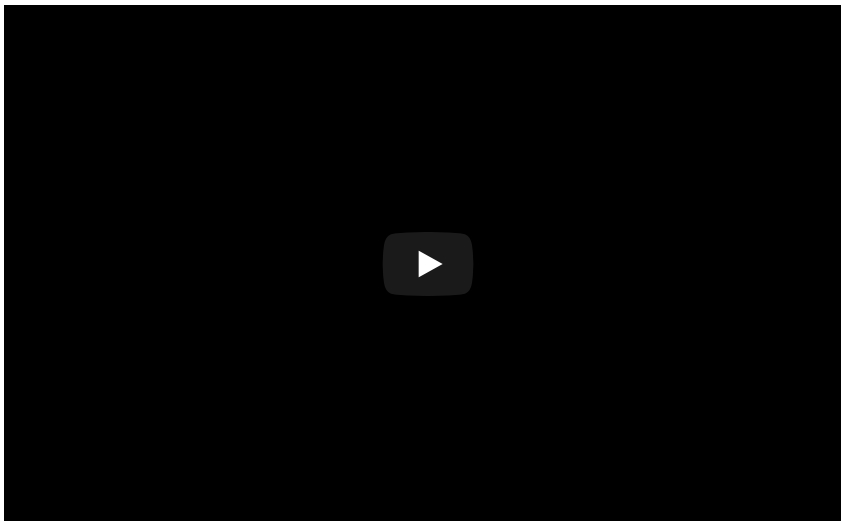

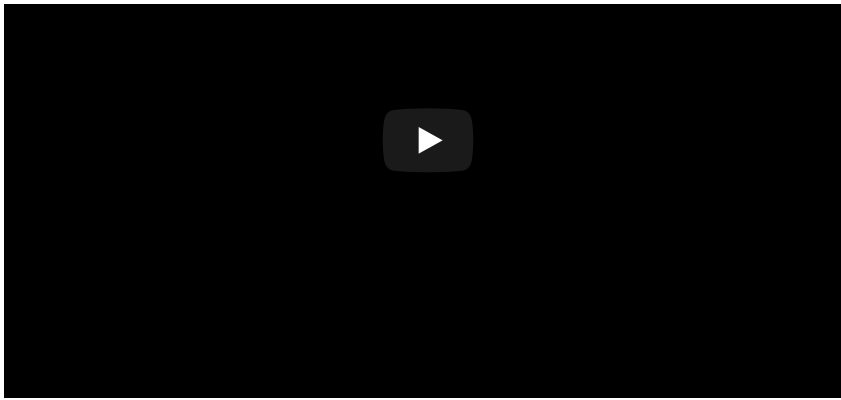

The big secret is out, Federal and Local Law Enforcement prevent victims from reporting crimes including non violent hate crimes ie they're cookie cutting for the press's format, if the victims don't

fit, they will stalk the victims online, violate their constitutional freedoms and of course reinforce the pain and trauma of the crimes so the victims die, they believe they are doing good for this country, population control.

Only one problem with that logic, they are getting rid of their tax payers, criminals don't pay taxes. So while they murder all the victims ie taxpayers and letting all the criminals who committed those crimes get away, they are getting rid of their own jobs and pensions long term.

I don't know why these people refuse to help the victims of crimes, why this is their SOP and why they refuse to change their SOP. Court is not a solution to everything and they use court as a weapon, they know it's long and hard and painful and not easy especially without an attorney, in the long run they are cutting their own throats, the 14th amendment, they violate every victims 14th amendment when they play this game. And I don't know why this is acceptable in this society. My guess cause the embraced Nazi SOPs within Law Enforcement when Nazi War Criminals were hired to work for the FBI and CIA when the war ended in 1945. This chief and his daughter can go to court and sue for their reputations if I never make it and use this blog, evidence etc etc to make their case against the Nazi FBI if they want to do their amends to society for embracing those SOPs. Based on my past lives I know if somebody sat down with this chief and his daughter and told them upfront, bluntly, honestly, overtly, directly, this and this and this, that comes from the Nazi War Criminals who went to work for the FBI and trickled down into local law enforcement via the FBI/DOJ, this is what they did to the Jews in Germany prior to WW2, that's how they rounded them up, stole their land, homes, businesses and their personal property before putting them into the concentration camps, it's a successful action, it worked, they listened, obeyed and didn't fight back. I don't think this chief and his daughter would be applying those Nazi SOPs on their jobs and would have sued in court to make change internally, to get rid of those SOPs, off their books so nobody within the LAPD would have to use them or be forced to use them etc etc. That's my personal opinion having past lives with them down my wholetrack as family members ie the 2nd Dynamic.
